

ACCENTS FOR YOUR HOME

EDITORIAL

At SAMOO, we manufacture custom design products, produced from quality materials, customisable to meet your needs.

All our products are designed and produced in our Swiss manufacturing facility; fusing long-standing expertise and great passion for the craftsmanship. The open-mindedness of SAMOO, combined with your ideas, create distinctive products. These integrate themselves with style and discretion into your living environments.

The promise of SAMOO lies in its individuality and its unique design, adapting to be of value in your life. We live our craft with a great deal of zeal and perfectionism, to ensure your SAMOO product feels right and makes you smile.

SAMOO

SAMOO is fortunate, as a young brand, to rely on a qualified manufacturer with decades of experience in metal construction. **s:** stebler, as the leading manufacturer of mailbox systems in Switzerland, demands precise craftsmanship and utilises modern technology as a priority. From beginning to end, SAMOO guarantees a consistently high level of quality as well as careful processing of premium materials.

Only through the continuous progression into a future, which explores new horizons without limitations, can SAMOO offer its customer's aesthetically pleasing and innovative design objects.

BATHROOM

Your day begins in the bathroom. A fantastic feeling, when your mirror cabinet is designed to exceed your demands. Elegant, distinctive and convenient in design, to ensure a sense of thrill with each interaction.

CLARO

The subtle, modern design are distinctive features of a classic, expelling harmony in every bathroom. The LED light uniformly illuminates the glass mirror.

KAPEO

The slender elegance and frameless mirrors, allow the KAPEO to become the focus in your bathroom with great style.

VALO

Your face is illuminated flawlessly with the built-in lateral lights, creating a unique atmosphere in your bathroom.

SPECIO

The persuasive power of SPECIO lies within its subtle design and its understated functionality. Even without LED light, it manages to create a calm atmosphere, using a light source of its own.

KUVIO

The perforated and illuminated frame creates a unique ambience in your bathroom. The fine craftsmanship of the KUVIO imparts an additional luxurious tone.

INSTALLATION OPTIONS

INBUILT

The mirror cabinet's body is completely consumed by the wall, blending in elegantly and subtly reflecting its surroundings. Alternatively, a partially built-in version is also an option.

ROOF SLOPE

A mirror cabinet in the slope of a roof? The solution is available with our special installation option.

MOUNTED

The wall-mounted mirror cabinet, with extensive advantages, can be classed as an original. The illuminated frame with lateral perforation floods the room with atmosphere.

CUSTOMISED DESIGN

Numerous options are available to meet your needs: open or tilted compartments, comprehensive lighting, light dimmers, additional sockets and shelving, as well as magnetic rear walls.

A distinctive design creates a unique perception of space and an exceptional attitude towards life. In addition to the standard sizes, all SAMOO mirror cabinets are also available made to measure. You can choose any number of mirror doors, as well as light intensity and colour.

An abstract geometric composition featuring a dark green, angular shape on the left, resembling a cabinet or a stylized letter 'A'. This shape is set against a light blue background with a subtle grid pattern. To the right of the green shape is a large, solid dark green rectangle. Further right is a vertical band of medium blue, and the far right is a light blue area. The text is positioned in the medium blue band.

OF THEIR KEEPERS.”

LIVING

Your rooms reflect your attitude towards life, and excellent design should be no different.

The individuality of SAMOO objects complement your own, allowing for a fluid transition into your home environment. The high-quality aluminium build realises an elegant and timeless look.

ELO
The SAMOO plant wall emphasises the need for green in our living environment. The aluminium construction, with a built-in irrigation system, can be adjusted in its size and arrangement, depending on your personal requirements. With the appropriate choice of vegetation, the vertical garden can also be used for outdoor purposes.

SUONO
The stylish SAMOO bench meets your expectations with its distinct profile and classic frame. The combination of aluminium and wood induce an elegant appearance and provides absolute comfort; conforming to every room and its surroundings.

OMASO
With its timeless design, the SAMOO side table integrates itself harmoniously into every living environment. Its tranquil presence and proportionate form make it every room's eye-catching feature.

ESPASO
This elegant room divider can separate spaces visually or acoustically. The upper section is equipped with inserts for plants, whereas the lower section offers versatile storage space.

OUR INSPIRATION.”

OUTDOOR SPACE

Would you also like to embrace your style in your outdoor surroundings? Our unique SAMOO objects for the terrace, balcony, and garden make this possible – all distinctively customised, in high-quality materials and at a premium standard.

VANJO

Everyone who loves to enjoy sitting outside during the warm months will appreciate a comfy cushion in the garden or on the terrace. The practical SAMOO cushion box stores away cushions quickly to protect them from rain, dew, or dust.

FAENO

Homegrown herbs are the essence of a blissful and high-quality life. The SAMOO herb terraces accentuate the aromatic scents in your home with flair.

The stylish planter provides the perfect framework for your blooming terrace or the conservatory. Its distinct shape cuts into its surroundings elegantly yet does not fall short on practicality, with the integrated water control system. We can guarantee durability, yet the colour and size need to be defined by you.

SOOLO

BLOMO

Raised beds are thriving. The stylish BLOMO allows you to comfortably enjoy your herbs and berries on hand. Alternately, enjoy the brilliant colours of your spring flowers.

SOLEIADO

A raised bed enhances every modern terrace or orderly garden. The elegant Soleiado incorporates a temperature-controlled glass covering. With the first rays of spring sun, fragrant herbs, fine salads or tender vegetables can grow in your cold frame.

FUOCO

Outdoor grill or design object?
A grill rarely presents itself so discreetly in appearance and stylish in design. The Fuoco is manufactured from high-quality materials and its functionalities are precisely devised. Whether for grilling the lamb rack, vegetable skewer or pizza, everything is always conveniently within reach.

“DURING THE CREATION
OF YOUR SAMOO OBJECT,
OUR PRIMARY FOCUS
IS IN THE DETAILS.”
